

**Parishes Head by House Leader.**  
George W. Perkins, formerly high chief of the exchequer of the Bull Moose Party, failed to get out his trusty check book some months back and reimburse Hugh T. Hatcher for money advanced the Bull Moose Party. Mr. Hatcher says. Now Mr. Hatcher has been a wait in the Supreme Court to collect from Mr. Perkins \$100.

**Boards of Health say:**  
**Gargle throat**  
**and spray nose at**  
**least every night**

For Infants Paralysis begins as a sore and mouth infection.

Only a most powerful antiseptic will destroy the germs of this dreaded disease.

Rhynol-Naphol is a spray that is stronger than carbolic acid, but safe to use. Rhynol-Naphol is used in water.

Let every one, then, take this precaution.

To clean the nose: Put two or three drops of Rhynol-Naphol in a glass of warm water. Spray nose with it or pour it into the palm of hand and snuff up nose.

To clean the throat: Gargle with this same solution.

A 10c bottle will protect your entire family for a week. Don't risk the lives of your children with weak, worthless preparations that do no good.

## The Evening World's Beauty and Health Column

Conducted by Pauline Furlong

Through This Column Miss Furlong Will Reply to Women Readers' Questions Regarding Exercise, Diet and Other Means of Preserving Good Health and Good Looks.

There is a vast difference between appetite and hunger, and an abnormal appetite is the result of too much acid in the system, which causes irritation of the mucous membrane of the stomach. Overeating is the direct cause of superacidity, and wrong combinations of foods is another common cause.

We all know that most common disorders, and, indeed, many serious ones, arise from superacidity, and the cause of it should be removed, through simple diet, less foods of all kinds, copious water drinking and daily exercises for the trunk muscles, rather than through drug medication, which at best brings only very temporary relief, and in time stimulates the organs to secrete a greater amount of acid.

It is always a good plan for every one to take a glass or two of water before breakfast and just before retiring.

**Letters From Readers.**  
**ROUGE—MADGE R.** asks: "Will you please give several formulas for rouge, I want a harmless one. Also please say what causes puffs under the eyes."

**Liquid Rouge:** Alcohol one ounce, carmine (powdered) one-half ounce, soak together in well corked bottle two weeks and add pure white wine vinegar two cups. This is pure and economical.

**Salve Rouge** (for cheeks, lips and nails): Melt together cocoa butter and a little sweet almond oil over warm water. Remove from heat, whip hard and add enough powdered carmine to color desired shade. Perfume to suit.

**Vegetable Rouge:** Wash, dry and grate several fresh beets and mix the juice with carbonate of magnesia to the desired tint. Cover with gauze and set in the sun to dry out. It will then be powder.

Puffs under the eyes show lowered vitality, kidney trouble and some times indicate heart trouble. To remove them find the cause first, as local applications will not bring relief. Get much rest and live an outdoor life. Drink neither tea, coffee nor alcoholics and avoid eating red meats, if kidney trouble exists: drink large amount of water. It is best to consult a physician before starting any treatment for puffiness under the eyes.

**STYES ON EYES—MRS. LENA H.** asks: "What causes styes on the eyes and what will remove them?"  
Styes are boils which occur on the margin of the eyelid. A disordered system may cause them or lack of vital resistance on the part of the tissues forming the eyelid. This lowered vital resistance may be due to eye strain, which in turn may be due to over use of the eyes. The eyes should be examined and rested and attention given to correcting any stomach disorders.

To remove a sty, bathe it in very hot water, when it first appears, and then apply a hot poultice of bread and milk to bring it to a head. Then open it with a small needle, previously dipped in hot water, and next touch the spot with a puff of cotton, dipped in peroxide of hydrogen and wrapped around a tooth pick. Do not allow any of it to get into the eye.

**HANDS AND FEET SLEEPY—MRS. L. H. A.** asks: "Please tell me what makes my hands and feet sleepy and nearly always cold. Are hot baths beneficial to thin persons?"  
Poor circulation and weak nerves cause this condition. Exercises and nourishing foods will help you. Hot baths are reducing and stimulating. The tepid bath is restful and best for thin women.

**CONSTIPATING FOODS—MRS. GERTRUDE M.** asks: "Are peanuts and raisins constipating?"  
No. Raisins are mildly laxative.

**COLD SITZ BATHS—EDITH R.** writes: "Will sitz baths help to cure constipation?"  
They will help some, but I have repeatedly told readers that exercises for trunk muscles, copious water drinking, bran products, fruits and green vegetables are the only permanent cure.

**TWITCHING—MRS. M. K.** asks: "What causes my legs and arms to twitch?" This is especially noticeable after meals.

Indigestion may cause this. See a physician and make sure.

**EPSOM SALTS BATHS—H. R. Y.** asks: "Will you please tell me the benefits to be derived from epsom salts baths? Shall I use any particular kind of salts and how much each week will they reduce me?"

Hot Turkish and Russian baths will reduce you. Epsom salts are not necessary as it is the hot water which reduces. None of those will help you very much without exercises and non-fattening diet.

**GLUTEN BREAD—MARIE K.** writes: "Will you please publish the formula for gluten bread with dark flour again?"

Send two cents and please repeat your question.

### CELLULOID EXPLOSION CAUSES MANY RUNAWAYS

Horse Badly Burned, Wagon Demolished and Pedestrians Driven to Cover.

John J. Neenking of No. 30 Lee Avenue, Brooklyn, a collector of celluloid remnants, was working in

Fourteenth Street, between Ninth and Tenth Avenues, today when something happened. He had moved a barrel of that material from the plant of the Manhattan Specialty Company and was placing it on his side when he blew up with a report that shattered the neighborhood. As the flames and smoke whirled into the air he fled in the car tracks and the burning contents of the barrel pitched over him. Neenking and a motorist succeeded in rescuing the animal. Meanwhile, the horses attached to a bus, other cars had taken fright and were plunging all over the street and sidewalk. Pedestrians on duty in the neighborhood as a result of the locomotive engine finally succeeded in restoring order.

A woman who happened to be passing noticed a burning car out of the danger zone after it had been abandoned by its chauffeur. Neen-

### DYSPEPSIA

George A. Hays of No. 15 Street, at New York, says he has been troubled with dyspepsia and indigestion and is cured by taking a few pills of Radway's Pills. He says he has been taking them for some time and is now feeling fine. He says he has been taking them for some time and is now feeling fine. He says he has been taking them for some time and is now feeling fine.

### Radway's Pills

Radway's Pills are a powerful cathartic and are used for the treatment of dyspepsia, indigestion, constipation, and other ailments of the digestive system. They are made of pure and wholesome ingredients and are safe for all ages.

**"The Kind That's Different"**

**PURE AND WHOLESOME APPETIZING AND DELICIOUS PREMIER PURE FOODS**

**Yes—they eat it as a spread on bread**

And we can't imagine any better way to tell you how GOOD Premier Salad Dressing is than that one fact. For when a hungry boy begins to rob the pantry, it's only because the taste has made a hit.

As a matter of fact, you'll say Premier is the finest dressing you ever put on a salad. It's delicious in flavor—rich and smooth and it always keeps its creamy consistency. There's no risk of its spoiling even in mid-summer like home-made mayonnaise does at times. And just like all the other Premier Food Products, it's made only of the purest materials. It's "the kind that's different."

Just try one bottle and see for yourself. Your grocer sells it—a large bottle for 25c.

Remember: If you don't like Premier Salad Dressing, you can return it and get your 25c back. The grocer loses nothing—no pay him.

**The more you eat, the more you want**

## 5c

All the boys and girls and grown-ups are getting wise—everywhere folks like the delicious combination of peanuts, popcorn and molasses candy with the natural color and flavor. There's more nourishment in Cracker Jack than in such daily necessities as milk, eggs, beef-steak, etc. That makes it both a delicious confection and wholesome food.

Made in the finest and largest candy factory—untouched by hands. Packed so that it's always good and fresh when opened.

Write for the Cracker Jack Riddle Book. Sent free on request. Address Dept. A.

**Protect Your Home!**

Department of Health, City of New York, has advised physicians to use Chlorinated Lime as a disinfectant in all cases of Infantile Paralysis. The United States Government recommends the use of Chlorinated Lime as a most effective and economical germ killer and deodorant.

Disinfectants must be fresh to be effective. Thousands of grocers and druggists have just received a fresh supply of Acme Chlorinated Lime. Do not accept substitutes which may be stale and worthless.

Protect your home—sprinkle Acme Lime daily in your toilet bowl, garbage can, kitchen sink, cellar, etc.
